Operational Impacts of Budget Changes

Impacts:

- Hiring a Compliance Officer will meet the HUD recommendation, offer compliance services to subrecipients and ensure entitlement monitoring
- Budget reductions will impact leveraging capacity for an additional special needs housing project and require redistribution of job responsibilities and workload among existing staff.

Priorities:

- Compliance monitoring, in particular with the "high risk" status of the recovery grants
- Management of an additional \$3.4 million in federal funds in addition to the standard entitlements. Staff responsibilities and workloads have been redistributed to best meet the timeliness needs of these grant funds and the federal requirements.
